

Exhibits and Sponsor Prospectus

On behalf of the Organizing Committee for the 60th IEEE Conference on Decision and Control (CDC 2021), I would like to invite you to a Hip, Diverse, and Green CDC. Due to the evolution of the COVID-19 pandemic and out of an abundance of caution, CDC 2021 will be held virtually, from Monday to Friday, December 13-17, 2021. The conference will be preceded by workshops on Saturday and Sunday, December 11-12, 2021 from 13:00 to 17:00 Coordinated Universal Time, addressing current and future topics in control systems from experts from academia, research institutes, and industry.

The CDC is recognized as the premier scientific and engineering conference dedicated to the advancement of the theory and practice of systems and control. The CDC annually brings together an international community of researchers and practitioners in the field of automatic control to discuss new research results, perspectives on future developments, and innovative applications relevant to decision making, systems and control, and related areas.

The 60th CDC will feature contributed and invited papers, as well as workshops and tutorial sessions. It is hosted by the IEEE Control Systems Society (CSS) in cooperation with the Society for Industrial and Applied Mathematics (SIAM), the Japanese Society for Instrument and Control Engineers (SICE), and the European Control Association (EUCA).

Accelerate your connections! If you are interested in being a sponsor and hosting an exhibit at CDC 2021, complete the included application and reach out via email!
